The Well Known Firm of John W. Watson & Co. Assigns.

APPROXIMATE LIABILITIES.

The news that the long-established wholesale liquor firm of J. W. Watson & Co. had executed a deed of trust to Mr. Ben B. Poyntz was yesterday a great surprise to our citizens.

The firm has had a long and honorable career, first as Poyntz & Watson and for a number of years past under its later title—the firm members being Messrs. Edward H. Watson of New York and H. Lloyd and F. Stanley Watson of this city.

Mr. Walter S. Watson has been the General Manager of the business, but the failure is not due to mismanagement.

For a long time the liquor trade has had "hard sledding," and the fire which destroyed this firm's warehouse in December was such an interruption to business that it added the proverbial straw that broke the camel's back.

The liabilities are approximated at \$80,000, with assets of not above \$50,000, the latter consisting of a small piece of real estate at Mayslick, whisky free and in bond, book accounts, office fixtures, &c.

It is sincerely hoped and believed that the firm will soon effect a satisfactory settlement and continue business.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises. For use in such cases Ballard's Snow Liniment has for many years been the constant favorite family remedy. Price 25 cents and 50 cents. J. Jas. Wood & Son.

FLOTSAM—JETSAM—LIGAN!

NEWS NOTES FROM NATURE'S GREAT HIGHWAY.

The Kanawha river is falling slowly.

The Louisville Canal is open to navigation.

The Henry M. Stanley was up last night for Pomeroy.

About 10 feet is what the rivermen expect at Pittsburgh.

The old reliable Courier is back in her regular trade again.

Part of the Licking ice ran out Sunday without doing any damage.

The Big Sandy river was putting out heavy ice yesterday and was rising.

Navigation was partly resumed yesterday—the Pomeroy line sending the Courier to Huntington.

The continued warm weather and the gradually rising river are causing the great piles of shore ice to disappear.

The Pittsburgh Packet Line will in all probability send the Keystone State to Pittsburgh on her regular day—Thursday.

The steamer Fallie succeeded in getting one barge of rails off Carpenter's Bar. The Joseph Walton expects to get her tow off all right.

The wharfbots of the Pittsburgh Packet Line at Pittsburgh are packed with freight, and when the up-river business does open it will be with a boom.

Several of the Pittsburgh towboats that were frozen in the ice, or which took refuge in the mouth of the Kanawha, will be coming through with their tows now that the river has risen sufficiently.

It has been rumored for some time that Captain Thomas J. Hall, owner of the towboat Gate City and barges, contemplated purchasing the new steamer T. H. Davis (the rebuilt Bob Prichard), now lying at Pomeroy or Mid-deport, for use in his towing business. Captain Hall emphatically denies this rumor, saying the Gate City is enough for him at present.

COAL!

100,000 Bushels of Chesapeake and Black Band Coal at Pomeroy prices. For sale only by

Wm. Davis

NEAR LIMESTONE MILL.

Special 4 Days Sale.

Beginning Wednesday, closing Saturday, we will hold an Embroidery, Lace and White Goods Carnival.

Dainty Embroideries.

New and clever designs, neatly embroidered on fine Nainsook, with the careful taste the slower working of the hand machines alone can give. The average embroideries sold elsewhere are disappointing—they may be fairly attractive in design but a few washings change them into tatters. It isn't the washer's fault either. It is the fault of the embroidery maker, who has gone daft on the cheap idea. Such trash finds no entrance here. And that doesn't mean you'll pay too much for our embroideries—they are doubly cheap—the prices are low, the goods will last. Embroideries for lingerie—embroideries for women's dresses—embroideries for children's dresses. These as a hint of countless other bargains.

At 5c.—Good designs, strong worked figures for wear.
At 7c.—Handsome French Cambric Edgings, 2 to 3 1/2 inches wide.
At 10c.—Fine and Sheer Nainsook and Cambric Hamburgs, Insertions and Edgings to match.
At 19c.—Flouncings in choice and exclusive patterns.
You'd suppose them worth as much again—so they are by other folks standard.

D. HUNT & SON.
